German Attack Slows Down in Corpse-littered Stalingrad

Meandering Along the Main Stem

By WASH FAYETTE

Honors in photography are not new to Ralph V. Taylor . . . but they are always worth noting . . . and his friends always like to hear about them . . . Ralph is the kind who would never mention them.

If I may presume to express an opinion on something for which I know I am not right-fully qualified, I would like to class Ralph Taylor as an artist . . . that can't be far wrong because he was one of 12 Ohioans who were successful in hanging 50 or more prints in recognized international salons during the last year . . . Ralph put up 60 . . . more than that he is one of four who will be awarded gold palm leaves to be added to the 50-print keys the Columbus Dispatch awarded them last year . . . that signifies they have accomplished the feat two years in succession . . . and that is something very unusual . . . the presentations will be made at the November 2 meeting of the Central Ohio Camera Club Council in Columbus . . . one of Ralph's prints was selected for reproduction in the Annual.

Now all of this might not seem to mean much to the layman . . . but to the picture takers, it is something to which they all aspire . . . and a goal achieved by only a very few.

W. A. Melvin, widely known breeder of blooded Hampshire hogs, who resides on the Creek Road a short distance south of Washington C. H., has a hobby in addition to producing large numbers of Hampshires (he now has upward of 350 including fall pigs) . . . and the hobby is old coins.

First let me tell you about his fine hogs, which include a boar that weighs 900 pounds. There are 33 brood sows in his herd, and every hog on his farm is either registered or eligible to registry.

Now getting back to those old coins . . . he has upward of 500 of them, collected chiefly while he was in the grocery business on Sycamore Street for many years.

He has all of the U. S. one cent pieces from 1793 up to the present, with exception of 1804 . . . the year that comparatively few coins were minted in the U. S.

I do not know another collection in this part of Ohio that contains so many of the one cent pieces.

He also has a large number of other coins of various denominations that are of unusual interest.

ACUTE SHORTAGE OF WORKERS IS HELD TO BLAME

Voluntary Cooperation Is Lacking in Many Cases, Manpower Chief Says

LABOR PIRACY IS CITED

Transfers from Some Cities To Others with War Plants Considered Possible

WASHINGTON, Oct. 21.—(AP)—War Manpower Director Paul V. McNutt announced today he would present a National Service Bill to President Roosevelt within two weeks as the Army indicated disapproval of proposals revealed by the President to release older men to take jobs in industry as a means of easing the labor shortage.

McNutt told the Senate Military committee that the manpower problem was becoming "too complex for effective voluntary action" and that "acute shortages" of all types of male labor existed in 40 major war production centers.

Robert P. Patterson, undersecretary of war, issued a statement saying the Army would release 4,000 miners in an attempt to relieve a shortage of copper, lead, zinc, molybdenum, tungsten and other critical materials which was holding back war production, but "saw no need at this time for furloughing other troops."

Yesterday Mr. Roosevelt said that a number of soldiers 35 and older probably would be released by the Army to take jobs in munitions factories.

Three-Ply Authority

McNutt disclosed that the proposed National Service Bill would arm the administrative agency with three weapons:

1. The power to require employers to hire all workers through a central agency as a means of channeling workers into essential occupations.
2. Authority to control methods of labor utilization to prevent transfer of workers from a plant needing men to another plant where laborers are being improperly utilized or "hoarded."
3. Power to require individuals to remain on the job, or to transfer to another.

He warned, however, that the power to keep men on jobs, or to send them to other employment, "should not be permitted to be the instrument for undercutting established wage standards."

"Turnover in west coast war plants has reached fantastic heights," McNutt said. "Labor piracy is rife in Buffalo and Detroit. Squeezing the last employable person in the area into employment is a crucial problem in Connecticut."

Compulsory Cooperation

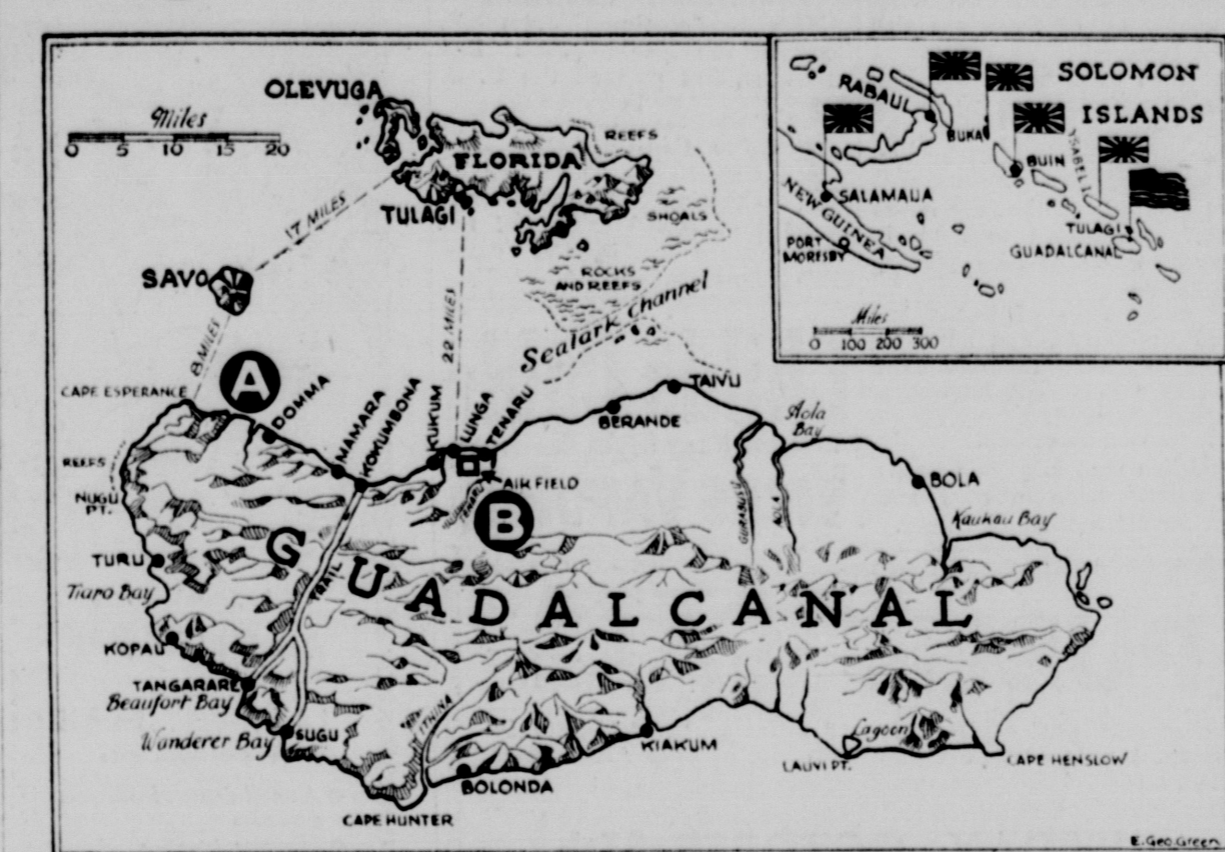

McNutt left no doubt as to his own belief that such legislation was necessary.

"Public opinion and sound public policy both dictate that we must not stop short of compulsion when those who will not cooperate are blocking war production," he declared.

McNutt said there were just

Jap Attack on Solomons Stalled

The detailed map, above, of Guadalcanal island shows the territory in which American Army, Navy and Marine forces are throwing all their resources into a terrific battle with the Japanese for control of the Solomons. United States warships have bombarded Japanese installations and bases (A) on the northwestern corner of the island while the enemy has retaliated with attacks on the American airfield (B). Inset map shows Jap bases (marked by Rising Sun banners) in the Solomons area which have been bombed by American planes.

Allied Domination of Skies Over Pacific from Aleutians to Australia Rises as Prelude to Offense Against Jap Aggression—Troop Advances on Islands Balked

By JOHN H. WIGGINS

WASHINGTON, Oct. 21.—(AP)—Allied domination of the skies in the vast Pacific battle front appeared growing mightier today as American bombers slugged Japanese invasion bases from the Aleutians to the Solomons.

The fury of the Allied bombing of enemy troops and supply concentrations in the Solomons seemed thus far to have stalled, at least temporarily, the full force of a Japanese thrust to retake the American-held Guadalcanal airbase and win control of the Southwest Pacific.

While a large force of Japanese warships and auxiliary vessels in the Solomons and reinforced enemy troops on Northwestern Guadalcanal still held an expected attack in leash, United States bombers dropped explosives on the embattled island's invaders on October 18 and 19, and started fires at the Japanese Rekata Bay base on Santa Isabel Island, 150 miles to the northwest.

At that same time, Gen. Douglas MacArthur's Australian command reported last night, Allied bombers were believed to have inflicted extensive damage on the Japanese airdrome and shipping at Buin, Bougainville Island, about 315 miles northwest of Guadalcanal.

All Allied planes, meeting no attempts at interception, returned safely from the Buin night raid.

Allied 'Hornets' Nest'

Possibility that the Southwest Pacific skies soon may become a hornet's nest of Allied planes was seen yesterday in an assertion by Secretary of the Navy Knox that the number of Navy land-based planes was "steadily increasing."

Meanwhile, MacArthur's Australian troops further reduced the Japanese threat to the Allied Port Moresby base in New Guinea by pushing the enemy back three miles in the Owen Stanley Mountains.

FIERCE FIGHTING RAGES AS REDS OPEN OFFENSE

Russian Defense Lines Hold While Attack on German Flank Intensified

PILES OF NAZI DEAD GROW

Hitler's Assaults Becoming Successively Weaker, Says Word from Volga Front

By RODGER D. GREENE

(By The Associated Press)

Adolf Hitler's latest week-old offensive against Stalingrad was reported dwindling today as cold rain again drenched the cemetery streets, and Russian headquarters announced that the Red armies had held their lines unbroken for 48 hours.

It was the 58th day of siege, just five days short of equalling the historic Russian stand in the nine-week siege of Odessa last year.

German field headquarters acknowledged that the Russians were launching powerful diversion attacks against the Nazi guard north flank, above Stalingrad, but asserted they had been repulsed in heavy fighting.

For the second successive day the Germans stressed bad weather conditions along the battle line, declaring that rains were hampering operations both in the Stalingrad zone and in the Caucasus.

"The so-called mire period has started on the eastern front," Nazi dispatches said.

Hitler's command reported tersely that "the struggles are being continued" inside Stalingrad, while other Nazi reports said German shock troops had scored fresh gains in house-to-house fighting.

Dispatches from the ruined Volga metropolis said a battered power plant still supplied electricity to the city and that a newspaper continued to publish.

As the din of battle subsided, with Nazi attacks growing successively weaker, the Soviet command reported that the city's reinforced defenders had beaten off a series of attacks and "hurled the enemy to his original positions."

German losses were estimated as high as 70 percent of their effectiveness in the new drive which began last Wednesday.

The Russians declared they also had improved their positions through counterattacks in the northwest and central Caucasus.

Dispatches to Red Star said Russian troops guarding Stalingrad's northern factory section had "liquidated" a German breakthrough and declared that the fight for a nearby workers' settlement.

24 NAZI BUNDISTS GET PRISON TERMS

German Agitators Flayed by Federal Judge

NEW YORK, Oct. 21.—(AP)—Twenty-four former German American Bund leaders, including Gerhard Wilhelm Kunze, national leader, were sentenced today to five years in prison each for conspiring to counsel Bund members to evade the draft law.

Federal Judge Alfred D. Barksdale said that in his opinion all of the defendants were guilty of "far worse than any tactical violation of the selective service law" and said that he would not impose fines because that might have the effect of causing their families to lose their homes.

Under the conviction, each defendant could have been subject to a \$10,000 fine.

New Crisis Developing In France

BERN, Switzerland, Oct. 21.—(AP)—France entered today her most critical period since she signed the 1940 armistice, the 11 days remaining to Pierre Laval before he is expected to try compulsion to send protesting workers into German war factories.

The period to November 1, private advices from unoccupied France said, represents the extension of time set by Berlin for fulfillment of its labor demands for 150,000 volunteer workers.

It also is the period, informed French observers said they believed, which will demonstrate whether Laval could hope to cling to his position as chief of government.

In Laval's radio speech last night, in which he renewed his appeal for Frenchmen to go to work for the Germans, he announced an agreement for a levy upon each factory "which will be obliged to furnish a certain number of workmen."

2 NEW BATTLESHIPS IN BRITISH SERVICE

LONDON, Oct. 21.—(AP)—Two powerful 35,000-ton battleships, the Anson and the Howe, each carrying ten 14-inch guns, have moved into their stations in the British fleet and their commanders were reported spoiling for a fight with the great prize of the German fleet, the battleship Tirpitz.

The British fleet has now reached its pre-war strength of 15 battleships and battle cruisers and at least four more battleships are under construction, including the Lion and Temeraire, rated at 40,000 tons.

The Anson and the Howe are the last of the five great battleships of the King George V class to be commissioned.

NEW TAX BILL LAST THIS YEAR

So Say Congress Leaders as President Gets Ready To Approve Measure

WASHINGTON, Oct. 21.—(AP)—Congressional leaders turned an unofficial but emphatic thumbs down today on any further major tax legislation until after the first of the year.

With the biggest of all revenue bills on President Roosevelt's desk for his signature today, after its final approval by both Houses yesterday, the chairmen of the two tax-framing committees let it be known that they and their aides felt they had done enough for a while.

President Roosevelt told his press conference yesterday that he would sign the new measure before midnight tonight.

As the tax measure stands, it contained these major provisions:

- A 5 percent victory tax on individual incomes over \$12 a week, with post-war credits. This was combined with stiff increases in the normal and surtax rates on net income and broadening of the base of the income tax by a cut in exemptions.
- A 9 percentage point increase in corporation taxes on normal and surtax income and an elevation of the sliding scale of excess profits to a flat 90 percent rate.
- Increases in excise taxes on liquor, cigarettes, cigars and other items, which would become effective November 1.

U. S. IS NOW READY TO OPEN OFFENSE

So Says Red Star, Official Russian Army Organ

MOSCOW, Oct. 21.—(AP)—Red Star, official organ of the Soviet army, asserted today that the United States is ready now in men and equipment to open active military operations.

(The Russian press has expressed the view with increasing frequency recently that Russia's allies have the strength to undertake second front operations at once to relieve German pressure on the Soviet forces.)

"Successful fulfillment of war industry problems, growth of the army and airforce and accelerated naval construction create all the necessary conditions for active operations by the United States," Red Star said.

"They have enough men and machines. As to the training and operative ability of the army, this can be determined only in armed struggle."

Stage Set for Allied Offense, British Field Marshal Says

LONDON, Oct. 21.—(AP)—Field Marshal Jan Christian Smuts, premier of the Union of South Africa, told a joint meeting of the House of Commons and the House of Lords today that the German Army is "bleeding to death" in Soviet Russia and "the stage is set for the last, the offensive phase" of the war for the United Nations.

The 72-year-old premier, last surviving member of the war cabinet of the last war still active in high office, said the "appalling blood-letting which is necessary

Marines Go into Action At Snobbish Night Club

LEESVILLE, La., Oct. 21.—(AP)—When the Marines go into action—whether it be in the Solomons or in front of a snobbish night club—something has to give.

The Marine Corps sergeant saw red when he saw the sign "for officers and civilians only" on a night club here. He went in and ordered a drink but was refused service.

So, after outlining his plans to the state police and with their sanction, he pulled up before the club in a sound truck last Saturday night and played the well known Marine Corps "From the Halls of Montezuma" 55 times at full blast—audible a mile and a half distant. After an appeal for Marine enlistments, the sergeant played the song 55 more times, then read the Constitution and the Bill of Rights.

When the Marine sergeant left at midnight, the club's customers all had departed to more quiet surroundings.

RAYON TIRE FABRIC ROW TO BE PROBED

WASHINGTON, Oct. 21.—(AP)—Senator Ellender (D-La.) announced the opening of an investigation today to determine who "promoted" an authorization for expanded production of rayon to replace cotton in the manufacture of tires for heavy duty trucks.

Ellender said he had summoned about a dozen witnesses to appear before a Senate Agriculture Subcommittee to "develop the whole story behind this transaction." Army, War Production Board and Price Administration officials were included.

GERMAN AIR FORCES SHIFTED TO CRETE

BERN, Switzerland, Oct. 21.—(AP)—Large German air reinforcements recently have been shifted from the Russian front to bases in Sicily and Crete, the Rome correspondent of the Stockholm newspaper, Dagens Nyheter, reported today.

POLITICAL CRISES NOW GRIPS CHILE

Cabinet Quits Over Issue of Axis Relations

SANTIAGO, Chile, Oct. 21.—(AP)—President Juan Antonio Rios has promised to solve "within the next 48 hours" a political crisis, growing out of Chile's continued diplomatic relations with the Axis, which resulted in the resignation of the cabinet last night.

The struggle reached its climax when Foreign Minister Ernesto Barros Jarpa, an advocate of continuing relations with the Axis, charged that U. S. acting secretary of state Sumner Welles recently by charging that she was permitting Axis agents to use her territory as a base for hostile acts against her American neighbors.

The central committee of the Socialist party, with three members in the retiring cabinet, instructed these ministers yesterday to support a break with Germany, Italy and Japan.

Chile and Argentina alone of the American republics maintain relations with the Axis nations.

THE WAR TODAY

By DEWITT MACKENZIE

Fewer Than 200 Targets Of Vital Importance for Aerial Attack on Germany

LONDON, Oct. 21—There are fewer than 200 prime targets the American and British bombers need to destroy in France and Germany in order to render Hitler so vulnerable that the Allies could roll their army over him and end the war by next fall.

These targets comprise Nazi-dom's chief war industries and all-important rail communications and rolling stock. In short, they represent the sources of much of the Fuehrer's striking power and the means of moving that power into action.

In order to achieve this destruction quickly and thereby prevent great prolongation of the war, American and British bomber forces based in this country would have to be increased heavily and immediately.

It can be said that if these forces were trebled within the next couple of months the Anglo-American Allies could achieve enough by spring so that an invasion army could be got into operation.

Some military experts insist the present scale of bombing could be increased ten times, but that strikes me as being an ideal which could not be attained in the near future.

This concentration of air force in Britain would be met:

(1) By current production in both countries;

(2) By transferring warplanes from other activities which could spare them for this major operation in western Europe.

In this second category might fall some of the submarine scouting now being carried on by warplanes with the expenditure of a maximum amount of labor for a minimum of results.

The ideal place to get a submarine with bombers is at the building base and not after the U-boat has started to roam the sea.

Emphasis must be placed on speed in providing bomber reinforcements. Hitler should not be allowed to use the winter months to repair the grievous damage he has suffered in the Russian campaign.

Then there's another point which affects the American force directly. We are having great success with our new, heavily-armed, heavily-armed flying fortress with astonishingly small losses. It is both a bomber and a fighter.

But that is sure to be a passing phase. The Nazis are not able to cope with the fortress now because this giant machine is a new weapon for which they were not prepared. It won't be new for long, however, science marches fast these days and we may expect the Boche to develop a defense.

Thus it is up to us not to give Hitler a chance to devise a means to beat the fortress before they have taken a full toll among vital targets. Now is the appointed hour when the bombers can do the most damage with the least danger to themselves.

I have spent many hours recently with high power magnifying glasses studying enlarged airphotos of the damage done in raids on such cities as Rostock, Luebeck, Cologne, Lille, Duesseldorf and Emden.

You would not believe such devastation possible unless you saw it under the lens.

Pictures like these don't guess. I defy anyone to analyze them and not be convinced that Hitler can be largely paralyzed in his industries and transport in a comparatively short time—if the bombers are available.

You will hear experts say that Hitler continued his fierce air assaults he might have paralyzed Britain. What Hitler might have done then, but did not, is something which will loom large in military history.

You can call his attack on

RALLY IS HELD BY DEMOCRATS AT GOOD HOPE

More Community Meetings Planned in County as Campaign Steamed Up

With the third rally of the campaign checked off, the Fayette County Democratic organization today turned to polishing up plans for at least three and possibly half a dozen more to come in the closing days of the drive to get out the voters and convince them of the value of the Democratic candidates.

The three candidates for county office—Loren Hynes, candidate for representative; Roy Baughn, seeking reelection to the auditor's office and Warren Huchison, aspirant to the board of commissioners—stated their positions before a gathering in Wayne Hall at Good Hope Tuesday night.

Hon. Frank Grubbs, a former representative to the General Assembly and chairman of the County Central committee, took the role of master of ceremonies and R. M. Winegardner, chairman of the executive committee, spoke on behalf of John McSweeney, the party's candidate for governor, and Captain George H. Smith, candidate for Congress from this, the seventh, district.

The next of the projected series of community rallies planned by the Democrats is to be held at Jeffersonville Saturday. It is to be held outdoors at the main intersection in the business section, starting at 7:30 P. M. In case of inclement weather, it is planned to hold the meeting inside but no definite arrangements for such an emergency have been made yet.

Arrangements for rallies at Madison Mills and Buena Vista are already taking form, H. C. Ireland, the committee secretary and publicity man said, adding that the committeemen hope to work in two and possibly three more community rallies before the campaign ends and the voters go to the polls November 3. He did not say definitely where they hoped to hold them but he indicated plans called for going into every section of the county.

At all of these rallies, Ireland explained, informality was the keynote and the primary purpose was to give the people an opportunity to meet the candidates personally and chat with them. They are not "big affairs," he said, and are limited, for the most part, to a presentation of the candidates for county office.

Plans for setting off some "real political fireworks" in Memorial Hall here on the night of October 27 are taking form now, Ireland disclosed. Joseph Ferguson, the auditor of state, is slated to come here for that occasion, he said, to open fire on the Bricker administration on behalf of John McSweeney, his Democratic opponent for governor. The rest of the program for this rally has not been completed, Ireland said, but indicated that it would include, besides the county candidates, one or two spellbinders for the state ticket.

The Democrats opened their campaign here with a rally in Memorial Hall on the night of October 3 and threw it into high gear last Wednesday when McSweeney spoke to a gathering from the steps of the Court House.

Russia a vital error or you can say it was just bad luck.

There's a moral for the Allies there as big as Mount Everest: Don't get your air force anchored to the army unless there is no longer is need of the air fleet elsewhere.

STORING BEANS IN GOVERNMENT BINS IN CITY

Farmers Can Obtain \$1.67 Bu. for Soybeans Stored On Their Farms

Government storage of yellow soybeans is now under way at the old fair grounds here where some 30,000 bushels can be handled before capacity is halted.

These beans are being received through the Gwinn Elevators here and are No. 2 grade. Only yellow soybeans are being taken at the present time and the other kinds will be accepted later if there is storage space.

In the meantime approximately 150,000 bushels of beans have been combined in Fayette County and nearly all of these are still on the farm.

Attention of farmers is called to the fact that if they provide proper storage on their farms, the government price is \$1.67 instead of \$1.60.

It is pointed out that the beans are not as difficult to keep in storage as wheat, if they are dry when stored.

The early rush of beans has flooded processors, and as a result the crop will move from the farm very slowly. The harvest is about half finished.

Nickel that used to go into twelve silver-plated table forks is now enough for 675 incendiary bombs.

That Extra Something!

...You can spot it every time

IT TAKES something extra...a plus...to make a reputation that everybody respects. Coca-Cola got its reputation for quality, because it has always been made the quality way out of quality ingredients.

Coca-Cola is an original creation with a very special something to offer, found in no other drink...a finished art in its making...a blend of wholesome flavors that creates for Coca-Cola a taste all its own. That's why Coca-Cola has the taste that charms...and never cloy.

There are many things for thirst but only one stands out for refreshment...ice-cold Coca-Cola. The only thing like Coca-Cola is Coca-Cola, itself.

War-time limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

What drink do you find at the Post Exchanges? Ice-cold Coca-Cola, of course...to offer pure, wholesome, taste-good refreshment.

BUCKS TOUGHEN UP FOR HOME COMING GAME

Bucks Work Extra Hard For Revenge

COLUMBUS, Oct. 21—This is the one we've waited for a whole year.

So spoke Head Coach Paul Brown as his undefeated Bucks dug in this week in extra-long practice sessions for Ohio State's game with the Northwestern Wildcats at Evanston Saturday afternoon.

And it was in this spirit the hard-charging Bucks put behind them the memory of their four victories to date this season, recalling instead that Northwestern handed them the only defeat of the 1941 season—a 14 to 7 loss in Ohio Stadium.

Pass defense came in for special attention since it was this department of the game that cost the Bucks the game with Northwestern. Otto Graham, who threw two long touchdown passes for Northwestern here last year, is again the triple-threat star of the Wildcats.

The game in Evanston's Dyche stadium Saturday will be the 21st renewal of the Ohio State-Northwestern rivalry. In the series, Ohio has an edge of 12 games won to Northwestern's seven. One game, in 1938, was a scoreless deadlock.

Encouraging to Coach Brown and his staff was the fact that one of his two injured flankers was rounding into shape for action Saturday.

Don Steinberg, Toledo, was pronounced fit for service. He was on the sidelines last Saturday, a shoulder separation on the mend.

As to whether the Bucks would concentrate their offense on rushing or passing, Coach Brown commented only: "We'll mix 'em up."

But statistics on the Bucks' four victories to date showed that Ohio has scored 19 of its 21 touchdowns on rushing plays. The bone-jarring plunges of Gene Fekete, sophomore fullback from Findlay, have accounted for a gain of 429 yards from scrimmage and seven touchdowns.

The Buckeye's leading trio of fleet-footed halfbacks—Sarringhaus, Horvath and Frye—have scampered from scrimmage for a net gain of 623 yards and five touchdowns.

Sarringhaus, barrel-chested sprinter from Hamilton, has carried the ball 41 times, rolled up 214 yards, for an average of 5.2 yards. Horvath, Cleveland, playing his last season with the Bucks, has heard the call 33 times, rung up a total net gain of 228 yards, for an average of 6.9 yards a try—the best on the squad. Frye, a Crestline high product, has carried the ball 27 times from scrimmage. He has a total net gain of 181 yards for an average of 6.7 yards.

Together this quartet of Ohio ball carriers has accounted for a total net gain of 1,052 yards in rushing. This figures at a 5.95-yard average for the four.

Sarringhaus and Horvath are in a neck-and-neck race for highest pass completion honors. Sarringhaus has thrown 21 with 11 completions, a total net gain of 289 yards, and a completion average of 52 percent. Horvath has a completion average of 55 percent. He has hurled nine of which five have found their Buck targets, gaining 50 yards.

Bob Shaw, Fremont junior end, scored both of Ohio's touchdowns via the air lanes. Both were scored against Indiana, Big Bob galloping 63 yards on the first and 45 yards on the second.

STIFFEST DRILL OF SEASON IS TAKEN TUESDAY

Calisthenics and Foot Races Follow Up Scrimmage And Signal Practice

The Washington C. H. High School's Blue Lions are still digging in and getting tougher for the annual homecoming game here against Dayton Fairmont Friday night. This was seen after they had finished their hardest practice so far this year.

A hard scrimmage was held Tuesday afternoon and evening and when it was finished the boys knew that they had been places.

Running races, 100 yards, 60 yards, 50 yards and 110 yards, were held and they also ran three laps around the quarter mile track. Calisthenics also took up part of the practice time, but it wasn't an easy part.

The Lions worked on pass defense and pass offense in particular and also a little on punting. They repeated some of their drills from Monday night and alternated in carrying the ball and side-stepping the would be tacklers.

Taking everything as it is, these little Blue Lions are going to be "ready men" when the Daytonians come to Gardner Park for the game Friday night or Coaches Jerry Kissell and George Miraben will miss their guess. With the Lions' three straight wins and four wins so far this season out of five games, they will prove to be some opposition for the Dayton team.

As Coach Kissell said at the beginning of the season, "We will play and try to take each game as we come to it."

Air-Steppers Hit Fast Clip In Alley Race

Craig's Air-Steppers swamped the Farmerettes in their Ladies League bowling match Tuesday night by taking all three games and the 2758 to 2413 total score honors in spite of a 92 to 137 handicap.

Mrs. Daisy Graves set the alley on South Main Street on fire figuratively when she turned in three games of 191, 170 and 243 for a total of 604—which was better than any of the men have been able to do this season and is probably a record for the bowlerettes here. Already the fans are conceding that the Steppers make up the team to beat and there are some who would give odds that they will not lose a game on their schedule if the team remains intact.

The Montgomery Ward girls, with a handicap of only 51, hung a three-game defeat on the Beta Gradale quintet, which had a 153 handicap. After losing a close one in the opening tilt the Gradalers weakened in the second game but came back strong in the finale. But the Montgomery Warders were equal to the occasion and just turned on a little more heat to hit their high for the evening.

Goal Kicking Forgotten Art, Maestro of Yesteryear Moans

DALLAS—(P)—The chunky fellow with the scars on his bad head was emphatic:

"They should abolish the point after touchdown if the coaches are not going to teach the boys how to kick them."

"And the coaches don't teach the boys how to kick them because most of them just don't know or don't care. They say: 'What's the use? We can get touchdowns.'"

Not just a rabid football fan who had lost ten bucks on a game because his team didn't add the vital point.

But a man qualified to speak on the subject because his name happened to be Brickley—Charlie Brickley—and back in football's yesterdays he didn't miss.

Present day fans look on Charlie Brickley

as something of a myth—if they ever heard of him. But the record books bulge with stories of his kicking prowess when he played for Harvard before the twenties. That's when he got those scars on his head.

He never played a losing team and he kicked 35 field goals in 37 tries in four years with the Crimson.

"I've checked the records for years and watched the amazingly large number of misses after touchdowns," says Brickley. If the coaches have time to develop fellows who can pass for touchdowns like Sammy Baugh—the greatest passer I ever saw—surely they have time to practice their boys at kicking goals. What's the use of scoring five touchdowns if missing a point after one loses the game?

When Benjamin volunteered his services, a leader of the town-folk told him: "You've

Headache of Cubs Eased as German Signed for First

By DAVE HOFF

CHICAGO—(P)—The Chicago Cubs' muddled first base situation, which they tried futilely to plug by buying Jimmy Fox from the Boston Red Sox in June, might be cleared up completely next year by German-born, South American-raised Heinz Becker, who comes to the Cubs by way of Milwaukee.

Bill Veeck, Jr., 28-year-old president of the Milwaukee Brewers, sold Becker to the Cubs at the close of the American Association season, and he is the loudest to sing the praises of the speedy first sacker.

Becker and Eddie Stanky, Brewer shortstop, were the league's top hitters in 1942, Stanky hitting .342, and Heinz .340. Both were sold to the Cubs but Stanky's draft board at once beckoned him to the army. Becker, married and the father of two children, is a good bet to stay around awhile.

"Heinz is 26 years old," Veeck pointed out, "but he's been in baseball only five years."

He's Just Another Guy Until He Gets Football

By FRANK HOOD

COLUMBIA, Mo.—(P)—Around the University of Missouri campus they'll tell you Bob Steuber, leading college scorer in the nation, is just another guy—until he gets a football in his over-sized hands.

Bob stands out like a new set of tires. He has scored a total of 63 points in five games, completed nearly 40 percent of his passes and does much of the Missouri punting. In 62 ball carrying tries Steuber has averaged 8.03 yards—a fraction better than his mark of last year which was good enough to top the college field.

Steuber scored four of his 10 touchdowns last Saturday against Kansas State in a Big Six conference tilt which Missouri won, 46 to 2. Three of his markers came on dashes of 70, 44 and 35 yards, and he gained more than 200 yards in 10 rushes with the ball.

Off the field the 21-year-old blonde husky is what his team and classmates call an average guy. He has no steady and doesn't chase after the girls, but he has his quota of dates.

Fekete Iron Man Of Buck Gridders

COLUMBUS — Iron-man of Ohio State's current gridiron varsity is Gene Fekete, Findlay sophomore fullback. In the Bucks' first four games, Fekete carried the ball 85 times for a total net gain of 429 yards and an average gain of 5.04 yards. He also has most playing time—186 minutes out of a possible 240 minutes in four games.

LOOKS LIKE JUST A MOVE

It is a wise and humane thing that the United States government is doing with regard to Italian immigrants in this country hitherto classed as "enemy aliens." On and after October 19 that stigma was removed and they will recover the free status they formerly enjoyed as resident non-citizens. There are 600,000 of them, and the government has found only 228 with cause for internment. Less than one-twentieth of one percent of them have failed to live up to the American standards for such resident guests.

It is well for the American public to understand this clearly, as a matter of justice to resident Italians and also a matter of international importance. Italians living in this country, although not yet enrolled as citizens, now have their record officially cleared by the United States government, and are as free to live and work here as if this nation were not at war with their native Italy. Thus they can engage in many lines of work where they are needed, but from which they have latterly been barred. The attorney general recommends a law to facilitate their acceptance as citizens. He finds them to be not Fascists, but enemies of Fascism. And he properly calls attention to the fact that their race has been liberally represented in the list of heroes decorated for bravery since Pearl Harbor.

This governmental procedure is decent in itself, and a shrewd blow at the Axis.

STRUGGLE FOR LIBERTY

Perhaps there is no more important fact in the world today than the fierce effort of the nations struck down by Hitler to regain their freedom. Norway, Denmark, Holland, Belgium and the enslaved parts of France are fiercely determined. Nothing seems to daunt them. Even Poland, which to all appearances is completely destroyed, with its ruins absorbed into the Hitler system, is not content to await her day of resurrection but continues to trouble the intruders in every possible way. It is much the same in the occupied parts of Russia. Greece still struggles, and the effort of Yugoslavia has assumed the proportions of a war. "Civil Revolt" spreads everywhere.

Thus Hitler, where he proceeds in his brutal forays, not only finds stout enemies before him but irreconcilable subjects behind him. With the help of Britain and America, these patriots will win.

Washington at a Glance

By Charles P. Stewart

WASHINGTON — As if Economic Stabilizer James F. Byrnes hadn't enough to keep him busy with his wartime stabilization duties, it is proposed now to give him a division to plan in advance a program for sliding the country right ahead, without a hitch, into peacetime stability the minute the cease-firing order is passed.

There are critics who say we are doing too much worrying concerning the post-war period; that our today's imperative duty is to concentrate exclusively on beating the Axis, letting the future bring whatever grief it may.

The opposition argument, however, is that the motto, "In time of war we prepare for peace," is just as good as the motto, "In time of peace we prepare for war."

It's denied, too, that peace preparation at present need qualify our war effort in the least. Indeed, there are those who contend that Jimmie Byrnes' concept of permanent stability will be calculated to strengthen us immediately. Illustratively, Senator Claude Pepper of Florida, reasoning the other day, before the upper congressional chamber's small business committee, gave it as his judgment that economic collapse isn't far ahead but imminent, lacking preventive measure, and warned that it'll be anything but helpful to us as belligerents; to say nothing of the suffering it'll cause subsequently.

THOUGHTLESS "EXPERTING"

Recently we have heard some experts thoughtlessly saying that behind every man in uniform must be 18 industrial and agricultural workers.

For an Army of 10,000,000—excessive of our arsenal-of-democracy function—this would call for 180,000,000 workers, out of a national population of 135,000,000 minus fighters and minus children, the physically unusable, the too aged, etc.

Obviously this is impossible. There is a question how many are needed to back each fighter. In view of current production, a better estimate may be 10-to-1, which still would push us hard.

Medical Treatment of Adolescent Troubles

By LOGAN CLENDENING, M. D.

I HAVE ALWAYS and continuously felt sorry for adolescents. The middle aged may moon about the glorious carefree period of youth, but a good deal of the time

Dr. Clendening will answer questions of general interest only, and then only through his column.

it is far from that. It is often a dreadful period of self-consciousness, frustration and adjustments that are difficult, sometimes impossible.

Only lately the medical profession has focused its attention on the adolescent and tried to solve his problems. I am interested in some reports from Asheville, North Carolina, by two psychiatrists who think the general practitioner can and should be the one to handle these difficulties.

Bad Adjustments

Most adolescents are able in the course of time to make their own adjustments and when they eventually arrive at the age of, let us say, 20, they have found themselves. But there remain a large number who make bad adjustments.

They seldom turn into out and out psychiatric cases, but they are on the borderline and are likely to take one of three behavior paths: the paranoid who believes others pick on him, resents correction and is always dissatisfied; the shy, seclusive person who retires into day-dreaming and fantasy formation; and the defiant, anti-social, offensive youth, the leader of rebellious groups. All of these moods occur mildly in all adolescents and do little harm, but occasionally they become fixed and are more or less serious.

The causes, aside from the inherent cause of being an adolescent, are the over-solicitous mother who prevents the child from growing up and hence makes him unable to hold his own in competition; the stern father who sets standards too high for the child to reach; physical defects, magnified by over-zealous parents and others, which are really trivial (a common one is acne or pimples); and rela-

tive mental dullness in a child who is made to compete with children of higher intelligence.

Medical Problems

Now many of these basically involve medical problems and it is an interesting suggestion that these young people should be encouraged to consult a family doctor or general practitioner. Plainly, the parents are the worst people to guide the adolescent; they have often made him what he is.

The method the doctor uses is explanation, reassurance and desensitization. The adolescent must be permitted to unburden himself completely, encouraged by tactful questioning, and in the absence of any disciplinary or condemnatory atmosphere. The doctor is in a special position to rectify or explain the minor, embarrassing physical disabilities that may be harassing the patient and is in a much better position than the parents to explain and discuss the sex problems and questions that particularly beset this period of life.

Change May Be Needed

He may have to try to alter the family situation, to change certain phases of the curriculum in school, to direct athletic activities. Hopeful it is that the family doctor who is doctor of the mind as well as the body should be called in. It is a great advance over the treatment these youngsters have been getting in the past.

QUESTIONS AND ANSWERS

Student:—Does St. Vitus dance have any effect on the memory? If so, does it have this effect after the patient has recovered?

Answer: St. Vitus dance leaves no permanent trace on any of the higher mental functions. Like all infectious diseases, mental processes may be obtained during the acute period.

SYNOPSIS

Following her mother's death, red-haired, slim MARY DEXTER leaves Omaha to take a job in the Nordex Aircraft plant in California. She shares an apartment with FRAN BOND, night club singer and dancer. Friendship develops between Mary and KEN GRANT, young mechanical engineer, also newly employed at Nordex. Mary has been attracted to BRUCE MARTIN, Nordex test pilot, over whom a dark cloud seems to hover.

YESTERDAY, The head of Mary's department warns her that her work has been falling off and that she is in danger of being fired unless she snaps out of it and stops day-dreaming about Bruce Martin, who has returned to his old flame, Toinette Vaughn, the screen star.

CHAPTER SEVENTEEN

MARY'S BURNING resentment cooled gradually and she began to see the wisdom of Connie's sharp advice. Allowing her mind to dwell continually on her brief happiness with Bruce Martin was leading her only into an indulgent state of self-pity and an ever growing resentment toward the present. She began to make an effort to concentrate on her work, to listen to the chatter of the girls in the washroom.

It was a slow process. Her days seemed now endless, meaningless drudgery and her mind, each time her effort relaxed, flew back to its memory world of synthetic joy. But eventually she regained a measure of balance. And even though her resentment toward the present, still days were empty and endless, still she was able to face them without resentment, able to see her problem in something like a reasonable perspective.

"Now you're functioning again," Connie gave her a smile of approbation one night, and Mary felt a small thrill of satisfaction. She was grateful for the feeling. As she rode home on the bus later, she felt the first pricklings of life in her numbed hand. The blank wall which had settled down before her when she lost Bruce was receding. She could feel the future before her again. It might not hold love. But still it would be life . . . function. She knew it was worth the living.

Fran and Burke were at the apartment door to greet her. Burke had an aperted tie around his waist and Fran was shouting with laughter.

"He's gone mad!" she hailed Mary. "Absolutely, totally, all-out mad! He thinks he's a cook."

"I am a chef," Burke said with dignity. "Come, Mies Dexter, I show you ze chef d'oeuvre. Shay rayrebeet!"

"He means cheese souffle," Fran said.

The living room looked festive. Before a roaring fire Fran had drawn up a card table and set it with a yellow cloth, a low bowl of African daisies and anemones.

"We're celebrating," cried Fran. "The rushes look good."

Mary laughed as she hung up

her coat. "You're crazy, too," she said. "What do you mean rushes?" She crossed to warm her hands before the fire. Fran shook her head. "You'd think the child had never been to Hollywood," she moaned, let alone have the great privilege of living under the same roof with a blues singer who's been making a movie short."

"What are rushes?" Mary repeated determinedly.

Burke came to the rescue. "It's the film they shoot of us each day," he explained. "They show it in the projection room at the studio late in the afternoon." He beamed happily. "And the director admits the producer admits we're coming along okay."

"That's wonderful!" Mary cried. "That certainly calls for a celebration. Then she noticed the table. "But why the four places?" She glanced up in time to catch the end of a swiftly interchanged glance between Fran and Burke. Then Fran said too casually, "Well, you see, Ken called a while ago—and I thought as long as he wanted to come up—"

"You mean you called HIM," Mary cut in.

Fran looked guilty, and Mary laughed. "I don't mind. But you are the poorest liar. Did he say he'd come?"

"I think he was sitting on the other end of the phone waiting for the call," Fran grinned. "And I'll also bet," she added as the doorbell rang, "he's been standing out there trying to get up courage to ring the bell."

Ken came in a little uncertainly, but was reassured by the warmth and joviality of the three. He had brought a box of candy, and Fran took it over with gusto as she shoved Ken into a second apron.

"This is gentlemen's night in the kitchen," she told him. "That's why you two were honored."

But even Fran was forced to admit the men made a good thing of the midnight supper. The toast was crisp and the rabbit delicious. Curled, green celery and stuffed olives and black coffee. Burke leaned back in his chair after lighting a cigarette with a sigh of pleasure.

"Ah, if life only could go on like this forever," he murmured.

"You'd be holed to death in five minutes," said Fran. Mary glanced at her, puzzled by her sharp tone. Fran lit her own cigarette and regarded Burke somberly. You're a rolling stone, my fine feathered friend, and you'll never be anything else as you very well know."

"I'm a rolling stone, and I have no home," chanted Burke in swinging tone. "And I have no home on the range!" He slipped to his knees before Fran and added with mock pleading, "But I offer you my heart and my electric plate."

"Rejected, with thanks," said Fran. "I think all men are alike. Perfectly happy as long as they're running wild, but try to tie 'em down into civilization and they'll

break out if they have to start a war to do it."

"Why, Fran?" Mary cried, as she realized suddenly the girl's reason for postponing her marriage. "You really are an 'Alice-Sit-by-the-Fire'."

Fran grinned at her ruefully. "I've never had a fire to sit by before," she admitted, "let alone felt that I wanted to. I don't know what's happened to me this year, but good old security, a home and children and taxes look awfully good to me suddenly."

"Well, you can still have the taxes," soothed Burke.

"Well, have the home again, too," said Ken suddenly in glowing earnestness. "And we'll appreciate it all the more because we've had to fight for it."

"Which reminds me," cried Fran, her gaiety returning, "I'm knitting for the Red Cross." She brought out her khaki yarn and the first few inches of knitting. "They rounded us up at the studio and started us off. I'm an awful dud at it, but we have lots of time waiting around on the set, so I can get in a lot of practicing."

"I could knit, too, couldn't I?" cried Mary.

"Do you want to?" said Fran. She grinned, went back into the bedroom and brought out another set of needles and yarn. "I brought them along just in case."

The two men joined in Mary's laughter. "Try and get ahead of Fran!" Mary gasped.

"Well, I'm not so slow myself," Burke boasted. "I'm a new warden. I go to meetings twice a week. I've learned all about incendiaries and some first aid and the different kinds of gas . . ."

"You'll make a fine warden," Fran scoffed, "until they try to get you up in the middle of the night, for a blackout. How many men did they assign to THAT job?"

The next afternoon Ken drove Mary to work, and apologized for his jealous anger over her friendship with Bruce Martin.

"You're forgiven," Mary smiled. "It's all over—I mean Bruce and me anyway," she added steadily.

"And you're well rid of him," Ken burst out.

Mary's anger flared. "Why? Just because he was with Toinette Vaughn at the Mocambo last night?"

"Of course not."

"Oh, you're still impressed by a lot of silly gossip around the plant."

Ken said slowly, "I know sabotage still sounds melodramatic, Mary. But, it's a fact that we're sitting on a powder keg, with enemy spies using fortunes and every trick they know to stop production."

"Really!" Mary murmured coldly.

Mary was soon to regret her arrogance. Three hours later, at 8:55, a terrific deafening explosion rocked Nordex airplane to its foundations.

MORE SUGGESTIONS FOR SOLDIER'S MAIL

No Food Should Be Sent To Soldiers Overseas

Additional suggestions concerning parcels for members of the U. S. armed forces serving overseas, have been made by the Post Office Department.

Both the War Department and the Navy Department have stated that no food should be inclosed in parcels mailed to members of the armed forces overseas, not only because crumbs or other matter escaping from the parcels attract vermin, but for further good reason that the armed forces are amply supplied with food.

In former publicity, mention has been made of the fact that parcels mailed overseas should be about the size of a shoe box. This was done solely to indicate size of parcels most desired and not to suggest that shoe boxes be used for this purpose. Pasteboard shoe boxes are not strong enough for this purpose and they or other containers so fragile should not be used for overseas mailing.

Ball Park Fence To Become Guard Fence Around War Plant

Seventeen hundred feet of chain-link industrial fence, eight feet in height, which had been around the Wilson Field opposite Cherry Hill School House for a number of years, has been torn down for shipment to Charlotte, N. C., to be placed about war industrial plants.

Sometime ago questionnaires were sent to dealers asking if they had the chain link industrial fence that could be torn down and used about plants engaged in war goods.

Willard Wilson, owner of the fence, sent in notice that he had 1,700 feet of such fence, and would dispose of it, for use for war industrial plants.

Monday four men came here from Charlotte, tore down the fence and rolled it for shipment by freight to Charlotte.

RAILS 'GOING HOME' IN DIFFERENT FORM

Included in the salvage material picked up in Highland County were two rails from the N. and

W. Railroad yards in Hillsboro, that are to be sent "back home" in different form. The rails were made by the Krupp Steel Works in Essen, Germany, back in 1879 and 1880, most of the steel rails coming from Germany at that time.

Amazing way for "run-down" people to get new vitality . . . pep!

A truly marvelous change can be brought about in miserable digestive complaints, underweight, weakness, loss of appetite, by two important steps:

- 1—Promote the flow of vital digestive juices in the stomach
- 2—Energize your body with RICH, RED BLOOD!

If you are one of those unfortunate who have worked under a strain, failed to eat the proper foods, have been vexed by overtaxing worries, or have suffered with colds, the flu, or other illness . . . yet have no organic trouble or focal infection . . . and your red-blood-cells have become reduced in vitality and number . . . if your stomach digestion refuses to work properly, there is what should help you!

SSS Tonic is especially designed to build up blood strength when deficient and to promote those stomach juices which digest the food so your body can make proper use of it in rebuilding worn-out tissue. These two important results enable you to enjoy the food you do eat . . . to make use of it as Nature intended. Thus you may get new vitality . . . pep . . . become animated . . . more attractive!

Build Sturdy Health

Vesta Marie Hoffman Is Lovely October Bride Of Mr. James Wallace

In quiet simplicity and dignity Miss Vesta Marie Hoffman, daughter of Mrs. Charles Kaufman, of near Buena Vista, became the bride of Mr. James W. Wallace, son of Mr. and Mrs. S. J. Wallace of Shaker Heights, Cleveland. The ceremony was solemnized at the home of Rev. Neil H. Peterson, of the Circleville Methodist Church, on Saturday evening, October 17, at seven o'clock.

The young couple were attended by Mr. and Mrs. Albert Bryant, of Washington C. H. with the groom's mother, and John Bryant, the only other witnesses.

For her marriage, the lovely bride had selected a gown of soldier blue, with which she combined navy accessories. Her flowers were a corsage of red roses.

Mrs. Bryant, a sister of the bride, wore a stunning dark red wool suit, with black accessories. She had a corsage of talisman roses.

Immediately following the ceremony, Mr. and Mrs. Bryant were hosts to a reception at their home at 643 Yeoman Street. Twenty relatives and friends were invited for the beautiful nuptial affair.

The reception table was beautifully appointed covered with a white linen cloth, and centered with a large crystal bowl filled with pink and white chrysanthemums. The large three-tiered wedding cake was at one end of the table.

The bride is a charming young girl, gifted in both personality and beauty. She was graduated from Wayne High School in Good Hope, and is now employed as the assistant stock clerk at the Aeronautical Products, Inc., here.

The young bridegroom is a man of splendid and sterling qualities. He was graduated from Shakers Height School and from the Iowa State College. He is a member of Alpha Tau Omega Fraternity. Mr. Wallace has many friends here, made while he and his father were owners of the W and W Implement Co. on Court Street. He is now a Corporal in the U. S. Army Air Corps and stationed at Patterson Field, serving as an instructor.

Corp. Wallace is on a short leave and the young couple are at the home of the bride's mother.

Henry Dearth, Honor Guest

Mr. and Mrs. Noah Wilson and son, Joe, of Staunton, entertained with a basket dinner and gay get-together, honoring Mrs. Wilson's brother, Mr. Henry Dearth, who leaves for Camp Benjamin Harrison, Indiana, on Friday, October 23.

After the bountiful dinner, the day was enjoyed in visiting and taking pictures, with the beautiful October sunshine adding to the numerous pleasures.

Those present were Miss Fleda Dearth, Mr. and Mrs. Allie Dearth, of Washington C. H., Miss Mary Gillipin and Mrs. William Vars, of Greenfield, Mrs. Harley Evans, and daughter, Mary of Dayton and Mr. and Mrs. Orville Jordan, of Staunton.

Tuesday guests

Mr. and Mrs. Thomas Anderson and Mr. and Mrs. Robert Anderson, of Columbus, were Tuesday guests of their aunts, Misses Ella and Agnes Kerrigan.

Mr. Robert Anderson, who has many friends in Washington C. H. and Fayette County, has volunteered in the Officers Training Corps and enters the service on next Thursday.

While a member of the ROTC at Ohio State University, he was a member of the Pershing Rifles and later while working for a year in Cleveland, belonged to the Cleveland Grays.

During the past two years he has been credit manager for the Ford Motor Co. in Columbus.

Two Soldiers Honored

Mrs. D. N. Rutledge entertained with a family dinner at her home Sunday in honor of her son, Willard, and grandson, Harold Huchison, who are leaving this week to enter the service.

Those present with the guests of honor were Mrs. Letha Huchison, Mrs. Harold Huchison, Mr. and Mrs. George O'Brian, Miss Ruby Lee Holden, Miss Martha Rutledge and Jacob Gettles.

Miss Geraldine Huchison of Washington, D. C. was unable to be present.

Mr. and Mrs. Harold Huchison had as their Sunday afternoon guests Mrs. Huchison's parents, Mr. and Mrs. Dwight Priddy and daughter, Sonja, of Jackson, and Mrs. Mona Parkinson, of Columbus.

Pretty Party Has as Hostess Eileen McGuire

Miss Eileen McGuire was a pretty and charming young hostess on Tuesday evening, when she entertained with a delightful party, assembling a group of young schoolmates, at the home of her parents, Mr. and Mrs. J. C. McGuire on North Street.

The spacious rooms of the home were profusely decorated with a wealth of fall blooms, with lovely color combinations admired.

A delicious and very tempting three course dinner was served at the dining table, appointed in Hallowe'en conceits. The table was covered with a lace cloth, and centered with a huge pumpkin, lighted by a twinkling taper. On either side of the pumpkin were tall tapers in gold holders, and the entire room was in candlelight. Marking each place as favors, were tiny candy pumpkins.

Bridge was merrily played at small tables during the evening, with lovely awards presented to Miss Eleanor Paul, Miss Marilyn Griffith, Miss Marianne Craig, and Miss Betty Robinson.

Other guests to enjoy the lovely hospitality extended by the gracious hostess were Misses Pat Nisley, Doty McGinnis, Claire McDonald, Joan Wilson and Eida Jane Mossbarger.

Mrs. Jesse Hagler visited relatives in Circleville, Tuesday.

Mr. F. E. Resler, of Columbus, Mississippi, is visiting friends this week.

Miss Rechenbach, Hostess
 Miss Adah Rechenbach entertained her bridge club with a delightful hospitality, Tuesday evening, at her home on Court Street. The evening's contract game was gaily enjoyed and at its close Miss Rechenbach presented pretty high score trophies to Mrs. Charles Reinke and Mrs. Scott Harner.

The attractive home was lovely with numerous bouquets of fall blooms, arranged artistically, adding to the many pleasures.

Preceding the evening's game, the charming hostess took her guests to the Gage Sandwich Shop where a very tempting and unusual dessert course was served at prettily appointed tables.

Past Chiefs
 Mrs. Elmer Robison was hostess for the regular meeting of the Past Chiefs' Club of White Hawthorne Temple Monday night at her home in Jeffersonville.

The president, Mrs. Frank Marshall, presided, with Mrs. Ray Shoemaker in charge of the program, conducting several contests in which Mrs. Frank Marshall and Mrs. John Robinson were the winners.

An enjoyable social hour followed the meeting with refreshments served at small tables which were prettily decorated with Hallowe'en favors and centered with small vases of flowers.

Members present were Mrs. W. Williams, Mrs. John Robinson, Mrs. T. A. Jones, Mrs. John Cannon, Sr., Mrs. J. E. Whissler, Mrs. O. J. Glaze, Mrs. Ray Bartlett, Mrs. Frank Marshall, Mrs. Ray Shoemaker, Miss Maude Routson, Mrs. Will Spangler and Mrs. Wallace Perrill, of Washington C. H. One guest, Mrs. S. W. Grace True Blues Entertained at Mrs. Browning's

The True Blue Class of Grace Methodist Church was complimented with a very lovely party on Tuesday evening, when their president, Mrs. A. N. Browning, opened her attractive home for their October meeting.

There was a short business session and thirty members assembled. The devotionals were presented by Mrs. Oren Ellis, followed by two pretty piano solos by Roberta Sexton.

Another very delightful feature was the presentation of Edna St. Vincent Millay's "Murder at Lidice" by Miss Sally Keck, gifted reader.

A very tempting collation and informal visiting brought the evening's pleasures to a close. Chairs were comfortably arranged in the spacious and handsome rooms of the home, where brilliant colored dahlias, zinnias and asters made an effective background for the young ladies.

Mrs. Browning had as her assisting hostesses, Mrs. Jessie Sexton, Mrs. Oren Ellis, Mrs. Wilbur Morgan, Mrs. Robert Heath, Mrs. Jean Nisley, Mrs. Al Rummans, Mrs. Andy Gidding, Miss Opal Davids, Miss Elizabeth Hendryx, Mrs. Everett Allemang, Mrs. Nellie McFadden, Mrs. Forrest Ellis and Mrs. Mae Gribbens.

Special Meeting And Initiation Chapter 300 O.E.S.

The Jefferson Chapter of the O.E.S. held a special meeting and initiation with a large attendance Tuesday night at the Masonic Hall.

The Chapter Room was decorated with vases and baskets of lovely chrysanthemums in various shades, and Mr. and Mrs. Justin Owen, Worthy Patron and Worthy Matron, presided. The Chapter welcomed Miss Marie L. Hamilton, Past Grand Matron, from Circleville, whom the Chapter always considers an honored guest and fortunate in having her present. The Worthy Patron and Worthy Matron and their corps of officers presented the ritualistic work to the following candidates, Mr. and Mrs. Robert Fichtorn, Mrs. Lester Allen, Mrs. Raymond Roberts, Mrs. Dorothea A. Clark and Mr. Ralph Davidson.

A delightful social hour after the meeting, completed the evening, with tempting refreshments served carrying out a Hallowe'en motif. The committee were Mrs. Charles Bush and Mrs. Willis French.

Out-of-town guests were Mrs. Virginia Gillespie, Sedalia, Mrs. Ralph Hansell, Springfield, Mrs. Carl M. Boring, Wilmington,

OSU WAR EFFORT DESCRIBED FOR ROTARIANS HERE

Rep. Clarence Brown Is To Speak to Club Next Week On 'America at War'

A very instructive and interesting word picture concerning a part of what Ohio State University at Columbus is doing in helping the war effort was the basis for a highly entertaining talk before Rotarians and their guests at their luncheon Tuesday at the Country Club, delivered by Dr. Harvey M. Rice, professor of history at that institution.

While certain activities at the university are in the nature of military secrets, especially those dealing with certain laboratory, and chemical and other special investigations, enough was revealed concerning military training schools there for instructors who are to teach at officer training schools later, to show that the university

is doing a tremendous piece of work in this war service.

One of the important schools being carried on there has to do with the recognition of aircraft, Dr. Rice said. The vital necessity of this cannot be overestimated, he declared, when it is known that men on ships and on land must be capable of recognizing aircraft in less than a tenth of a second, if shooting some of our own planes is to be avoided. Special and unique methods have been devised at OSU to prepare men in this recognition work, he asserted, and these men in turn are to teach gun crews and other observers on land and sea. Representatives of our allied nations, armed forces are attending these classes.

Dr. Rice said that a great many of the hundreds of instructors at Ohio State University were doing much of various kinds of work now rather than giving all their time to the usual regular courses and that results were beginning to tell. Hundreds of men from the army and navy, in every branch of the service, part of them civilians assigned to these services, are quartered in or near the university taking special training and some of this concerns making greater use of undeveloped resources.

The speaker pointed out a fact of more than ordinary interest when he declared that the regular student body was taking its work much more seriously now than at any previous time.

Dr. Rice was introduced by John Babbitt, whose son is taking work at the university under his professor.

It has been announced that Rep. Clarence Brown, congress-

man from this district, will be the speaker before the Rotary Club here next Tuesday. His subject will be "America at War."

SHARP DRIVE FOR VOTES PLANNED BY REPUBLICANS

Fayette County Committee And Candidates Discuss Ways To Reach Voters

Plans for an intensive drive, between now and election day, reaching into every precinct in Fayette County to present issues of the present political campaign were discussed and decided upon at a meeting of the Fayette County Republican Executive Committee and Republican candidates of the county and district, held at the county Republican headquarters on West Court Street.

Chairman Roy Carr presided at the meeting which was well attended and enthusiastic. It was generally conceded that owing to wartime conditions there was an unusual amount of apathy shown toward political campaign issues this year by the public at large and that it is necessary to impress upon individual voters the importance of the excellent record of Republican officials seeking reelection as well as the fine qualifications of other Republican candidates of state, district and county, who are on the ticket.

Hon. A. C. Daniels of Greenfield, Republican candidate for reelection as state senator from this fifth-sixth district, was among the visitors present and when called upon for an opinion gave an inspiring pep talk to those assembled in which he took occasion to present to his hearers some of the vital issues of the day, declaring the Republican attitude toward these matters was one which should appeal to all voters.

Dr. J. L. Parrett, chairman of the Clinton County Republican Executive Committee was also present and made a forceful talk, telling of the plans being followed by the committee in his county which has the reputation of having one of the best and most effective Republican organizations in the state.

Ray Miller, a prominent Republican of Dayton, was another visitor, who told of his observations of political conditions over the state during recent trips and urged that the chief duty of Republican organizations was to get the normal Republican vote to the polls on November 3.

Congressman Clarence Brown was unable to be present at this meeting owing to the funeral of his father, whose death occurred Sunday, which was held in Blanchester Tuesday.

County Candidates Speak

Republican county candidates were present and each one was presented and gave a short talk. They were Atty. W. S. Paxson, seeking election as Fayette County's representative to the Ohio General Assembly, Thomas H. Parrett, candidate for county commissioner, Ulric T. Acton, candidate for county auditor, Robert E. Willis, Republican candidate for county surveyor whose name must appear on an independent ticket of the regular ballot owing to the fact that he was not appointed until after the time for filing petitions on regular party tickets had expired, and Judge Otis C. Core, who although a Republican, appears on the independent judicial ballot for probate judge.

Precinct Day Meetings

During the meeting attention was called to the first state-wide Republican Precinct Day in Ohio's history—with 8854 meetings staged simultaneously in the State's 8854 precincts—which will be held at 7:30 P. M., Thursday, October 22.

By means of a 12-station radio network, Governor John W. Bricker and other Republican leaders will speak directly to the thousands of Republican men and women attending the meetings, discussing the highlights of the current political campaign and emphasizing the need for a major Republican victory at the polls on November 3.

The Precinct Day program is being sponsored by the Republican Campaign Committee, composed of Chairman Don C. Power, Central Committee Chairman

WILLIAM T. SHARP DIES AT 81 YEARS

Was Well Known Resident of New Martinsburg

William T. Sharp, 81, for 18 years a resident of New Martinsburg, died at his home Tuesday at 3 P. M., following a lingering illness.

He was a native of Pike County and had spent much of his life in that county.

Surviving are his widow, Melvina, two half brothers, William Burns, Indiana, and Orville Burns, East Monroe. Also two daughters, Mrs. Pearl Caplinger, Piketon, and Mrs. Lelia Ellison, of Bowersville. Eight grandchildren and two great grandchildren survive.

Funeral services will be held Friday at 2 P. M. at the Clouser Funeral Home in Greenfield. Rev. R. G. Young, a grandson, will conduct the services and burial will be made in the Greenfield Cemetery.

Friends may call at his late home after 6:30 Thursday evening.

SHERIFF PROBING SIGN DESTRUCTION

Obstruction Placed in State Highway

Sheriff W. H. Icenhower is probing some pre-Halloween damage which occurred a night or two ago along Route 70, north of Jeffersonville.

State highway signs, a large sign of the Jeffersonville Auto Co. and other signs were torn down and placed in the highway, resulting in an automobile crashing into the signs.

Sheriff Icenhower said Wednesday that he expects to round up the group within the next day or two.

The offenders may face two charges, destruction of property and obstructing a state highway.

Schorr, Mrs. Katherine Kennedy Brown, Republican National Committeewoman for Ohio and president of the Ohio Federation of Republican Women's Organizations, Nolan Boggs, of Toledo, central committee secretary, and Hugh Huntington, of Columbus, central committee treasurer.

It is tentatively planned to have the more than 8000 meetings in Ohio get under way at 7 P. M. and at 7:30 P. M. a radio will be turned on in each meeting place to bring a message from Governor Bricker and other state candidates. Following the broadcast the assembled Republicans will hear their local candidates, who will be formed into flying squadrons to visit as far as possible, the various meetings, speaking briefly at each.

The following radio stations will carry the broadcast:

WADC—Akron.

WKRC—Cincinnati.

WGAR—Cleveland.

WBNS—Columbus.

WHIO—Dayton.

WTOL—Toledo.

WFMJ—Youngstown.

WWVA—Wheeling.

WHBC—Canton.

WLOK—Lima.

WMAN—Mansfield.

WPAY—Portsmouth.

Precinct Day will take the place of the district rallies which have been held in previous campaigns, making possible a huge saving in tires, etc.

Fayette County Boys With Armed Forces

First Mate James A. Cannon arrived Sunday night from Pearl Harbor on a two weeks furlough to visit with relatives here.

Leonard H. Smith, son of Mr. and Mrs. Adam Smith, is at his parental home on an eighteen day furlough from Camp San Luis Obispo, Calif.

Private Cris E. Tatman, 914 Lakeview Avenue, this city, is enrolled in the Armored Force School, studying radio operation, at Fort Knox, Ky.

James A. Bunch, 436 South Fayette Street, this city, and Willard Dennison, Mt. Sterling, have been sent from Fort Hayes to Fort Lewis, Wash.

Corporal Presley W. Ault, stationed at Camp Forest, Tenn., has recently been promoted from the rank of Private, according to word received by his mother, Mrs. Howard Ault.

Pvt. Charles V. Whitmore, son of Mr. and Mrs. Vernon Whitmore, stationed with the 57th Ordnance Division, Fort Dix, New Jersey, has been at the home of his parents on a week's furlough.

Corp. Gilbert Kidner returned to Camp Crowder, Mo., on Wednesday evening, where he is in the Signal Corps. He has been at his home here on a ten day furlough. Mr. and Mrs. G. C. Kidner and Mrs. Gilbert Kidner motored him to Columbus, from where he left.

Sgt. Richard A. Steen, who has been at Fort Hayes, Columbus, as chief interviewer in the reception center, has been ordered into Officers Training Engineering School at Fort Belvoir, Va. He is at the home of his parents, Mr. and Mrs. George Steen on a short furlough, and will report for duty October 29.

Corp. George N. Darlington, Jr., who has been stationed at San Antonio, Texas, has been sent to Kansas City, Mo., for eight weeks of mechanical instruction in the Air Corps training school there. He has been at the home of his parents, Mr. and Mrs. George N. Darlington, Sr., near Good Hope for the past week and will leave Thursday for Kansas City.

Two boys who were involved in placing a broom on the B. & O. Railroad tracks here, resulting in the derailment of a freight engine, Monday evening, were given a hearing before Judge Otis B. Core, in Juvenile Court, Tuesday afternoon.

James Stark, 14, colored, was ordered committed to the Bureau of Juvenile Research, Columbus and Harold Wilson, 13, was released on his good behavior.

EQUIPMENT RECEIVED TO PICK UP BOMBS

At a convenient place in the City Building there stands a piece of equipment for picking up incendiary bombs.

The equipment consists of a cylinder of asbestos which can be opened to pick up the firebrand. A long handle makes it possible to dispose of the bomb without danger to the operator.

MANLY STEWART BATTLING JAPS

Son of Mrs. Artie Stewart This City Has Won Seven Medals

Friends recently heard a radio broadcast in which the name of Manly Stewart, with the U. S. Marines on Tulagi Island, one of the Solomon Islands, was mentioned as having been in four battles with the Japanese, and who has won seven medals since he enlisted in the U. S. Marines last year.

Stewart, a son of Mrs. Artie Stewart of this city, and George Stewart, of New Holland, has seen some of the severe fighting while in the Solomon Islands, and it is indicated that he may return to the United States to assist in training Marines for the type of fighting necessary to beat the Japs.

In addition to his mother here, Manly is a brother of Miss Belva Stewart, employee of the Murphy Store; Edith, at home and

Marion and John of New Holland. He has many friends in both New Holland and this city.

A photograph of Manly is in the display in the H. O. Noland insurance office window.

RAINFALL WELCOMED BY CORN HUSKERS

Several hundred men in Fayette County who are engaged in husking corn from the shock, welcomed the rainfall Wednesday morning, due to the fact that

shock corn was so dry that the fodder crumbled easily and made husking more or less difficult.

The rains dampened the fodder and as a result it is much easier handled.

REPUBLICAN PRECINCT MEETINGS!

The Ohio Republican Campaign Committee has designated **Thursday, October 22, 1942 as REPUBLICAN PRECINCT DAY**

Every precinct executive is requested to arrange one or more meetings of voters in his precinct to listen in on the radio at 7:30 P. M. and hear a special half-hour program which is to be broadcast on a state-wide hookup.

GOVERNOR BRICKER AND OTHERS WILL BE "ON THE AIR."

Call in your neighbors and friends and have a meeting in your home. Get your associate precinct executive and the members of your precinct campaign committee to arrange meetings in their homes also. Invite your local candidates.

After the broadcast, invite those present to discuss candidates and issues. One or more of such meetings in each of the 8,854 precincts in Ohio would be most helpful to our cause. Don't fail to do your part.

ROY CARR, Chairman,
Fayette Co. Republican Executive Committee.
